

As a charity, you could be owed a substantial refund in overcharged VAT

**Many charities are losing large sums of money in overcharged VAT.
Cowgill Holloway's Purchase Ledger VAT Review is a no-win no-fee service
that has recovered thousands for clients across the sector.**

Remove the burden...

VAT represents a considerable burden to many charitable organisations, even those who aren't VAT registered. Unwittingly, suppliers often charge full VAT on supplies to charities that qualify for VAT relief. This can prove both confusing and hard to track at both ends of the supply chain, leaving you to rack up costs that could otherwise be spent on helping your cause. Cowgill Holloway's Purchase Ledger VAT Review will analyse your expenditure, identify any overcharging and recover the money you are owed.

... at no risk

Our aim is to give you cash back which can be spent on charitable activities. As a result, we work on a no-win no-fee basis, meaning there is no risk to your organisation.

Our fees are simply a percentage of the repayments we achieve for you. No set-up fee, no hourly rate, no retainer. If we don't identify any errors, you don't pay us...

A low impact 3-step process

Whilst the review is wholly contingent on repayments received, the process is also structured to ensure it creates minimal impact on your time.

We can perform the exercise as often as needed to maximise your VAT claim, whether that be annually, monthly or just as a one off.

Through our 3 step procedure, the Cowgills team will ensure you receive *all* the VAT owed to you:

- 1.** Analyse expenditure.
- 2.** Contact suppliers who have overcharged VAT and request a refund. We also draft certificates for the suppliers where necessary.
- 3.** Produce a report highlighting any significant failings in systems or controls together with recommendations for improvement.

"VAT is an additional and significant cost to our charity, so when Cowgill Holloway approached us to carry out a purchase ledger review on a no-win no-fee basis we felt we had nothing to lose. We were surprised and delighted when savings of over £20k VAT were identified. Even better, Cowgill Holloway contacted each of our suppliers who had overcharged us and arranged for the money to be refunded. We were not aware that these savings were possible and Birtenshaw will also benefit financially going forward by maximising the VAT reliefs available. Overall Cowgills provided a first class efficient service"

Michelle Hinselwood, Deputy Chief Executive, Birtenshaw
